TRI-BUILT® EXTERIOR TRIM

25-Year Limited Warranty

WHAT AND WHO ARE COVERED AND FOR HOW LONG

TRI-BUILT warrants to the original property owner/consumer that, when subject to normal and proper use, its TRI-BUILT Exterior Trim will be free from manufacturing defects during the 25-year period following its date of installation. TRI-BUILT will authorize replacement product for any TRI-BUILT Exterior Trim TRI-BUILT determines to be defective under the terms of this limited warranty. Rather than provide replacement product, TRI-BUILT, at its option, reserves the right to refund the original amount paid for the product by the original property owner/consumer for the TRI-BUILT Exterior Trim determined to be defective under the terms of this warranty.

Under no circumstances and in no event will TRI-BUILT be liable for any labor charges or other expenses whatsoever in connection with the removal, repair or installation of either the original or replacement TRI-BUILT Exterior Trim. TRI-BUILT will not be liable for primer, paint or other coating applied to either the original or replacement TRI-BUILT Exterior Trim.

In the event of replacement under the terms of this warranty, the original warranty will apply to the replacement material and will extend for the balance of the warranty period in effect at the time TRI-BUILT determines the TRI-BUILT Exterior Trim is defective.

Important—TRI-BUILT Exterior Trim should be used only for the purpose for which it is intended.

TRI-BUILT Exterior Trim was not designed nor tested for use in load bearing or structural applications as a replacement for materials such as wood. Please be advised that such improper use could result in injury to the user or others.

TRANSFERABILITY

CARE AND MAINTENANCE

While TRI-BUILT unpainted cellular PVC resists most common stains, it can become dirty like any other product that is exposed to atmospheric conditions. Normal soil and grime can be removed with a soft bristle brush and bucket of soapy water. For especially stubborn stains, request a cleaner suitable for PVC products from your local building materials dealer. Test any cleaner on an inconspicuous area before full use.
