

TRI-BUILT® SHINGLE STARTER 10 INCH

TRI-BUILT® Shingle Starter 10 inch is factory cut starter strips made of tough fiberglass mat coated on both sides with coating grade asphalt and surfaced with ceramic granules for protection from ultraviolet degradation. It is designed for application to the eaves prior to shingle application. Allows for proper alignment of the courses of shingles.

PRODUCT BENEFITS:

- Pre-cut, thereby reduces the labor and eliminates the difficulty of field cutting other materials.
- Cuts waste.
- Straighter first course runs.
- Faster installation time.
- Sealant strip to seal first course of shingles.
- Eliminates the need for plastic cement.

PRODUCT DATA:

Shingle Size:	10" X 40"
Shingles per bundle:	30
Coverage per bundle (lineal feet):	100 ft.

All values stated as nominal

CAUTION: This product contains wood dust. Wood dust has been classified as a "known" human carcinogen by the International Agency for Research on Cancer (IARC) and the National Toxicology Program. This product also contains oxidized asphalt. Occupational exposures to oxidized asphalt and its emissions during roofing have been classified by IARC as a "probable human carcinogen". Oxidized asphalt also contains Polycyclic Aromatic Hydrocarbons some of which have been classified by IARC as known or probable human carcinogens. The physical nature of this product may help limit any inhalation or dermal hazard during application and/or removal. However, physical forces such as sawing, grinding or drilling during demolition work and heating or burning may increase the inhalation or dermal exposure hazard of this product. Take precautions to prevent breathing and contact with skin.
